(7) Block 705, Lot 1 (City's Count # 23), 380 11th Avenue:

LOOKING WEST

Block: 705, Lot: 1

(8) **Block 706, Lot 1 (City's Count # 24), 400 11th Avenue.** This lot was shown as white on the 1995 City Map and thus was not legally permissible at that time. It was subsequently rezoned to C6-4 so it is now in a legally permissible zone. It is within the Hudson Yards Development. However, only a tiny *portion* of it (at the extreme southwest corner) is legally permissible for any adult use due to its proximity to a C6-2 district contiguous to and immediately north of it. This lot is presently under construction and is largely a huge excavation hole in the ground. There will be no occupiable premises for at least two years, and the signs at the construction site state that occupancy will not commence until December of 2021. Consequently, it is presently encumbered and/or otherwise unavailable for any commercial use. Once built, there will be a high-rise office building with limited commercial space, but it will not be commercially feasible for any adult use. This lot should be excluded because it is fully encumbered and/or otherwise unavailable for any commercial use today and also because there is no realistic likelihood it will be available for any adult use.

I show directly below selected photos of this lot, including both those which I took personally and one obtained from Google Earth, as well as a localized map showing both where this lot is located and the boundaries of this lot in a red border as an overlay to the map.

Block: 706, Lot: 1

(9) **Block 1094, Lot 11 (City's Count # 35), 638 West 47th Street.** The City identified this lot as legally permissible in its 1995 Map. It remains in a legally permissible zone today. However, the entirety of the lot is within 500 feet of the site of the now-closed Esquire Gentlemen's Club, an adult site at 622 W. 47th St. which, though not currently presenting adult entertainment, has a certificate of occupancy allowing adult use (the Esquire site is shown as "adult" on my prior map "1-I"). Apart from its disqualification due to proximity to an adult use, this lot will not be available to any new commercial use whatsoever for 3 to 4 years because the property, currently occupied by a car wash taking up the entirety of the lot, has been purchased by an owner-user which intends to build its own new building on the lot. It will not be commercially available to anyone for 3 to 4 years. This lot is legally impermissible in its entirety for an adult business due to its proximity to the Esquire location. However, it should also be excluded because it will be unavailable for any commercial use for at least 3-4 years.

I show directly below selected photos of this lot, including both those which I took personally and one obtained from Google Earth, as well as a localized map showing both where this lot is located and the boundaries of this lot in a red border as an overlay to the map.

(10) **Block 1094, Lot 12 (City's Count # 36), 639 West 46th Street.** The City identified this lot as legally permissible on its 1995 Map. It remains in a legally permissible zone today. However, the entirety of the lot is within 500 feet of the site of the now-closed Esquire Gentlemen's Club, an adult site at 622 W. 47th St. which, though not currently presenting adult entertainment, has a certificate of occupancy allowing adult use (the Esquire site is shown as "adult" on my prior map "1-I"). If the Esquire location were deemed *not* to be a disqualifying adult entertainment site for surrounding new businesses, approximately 78% of the 125 feet of lot frontage (where the doors would be) would be indisputably disqualified for adult use occupation because it is within 500 feet of a residential zone. In my opinion, but for its proximity to the Esquire location, it would be potentially commercially viable for an adult live entertainment use since the front doors to such a business could be located in the 28 feet of the lot frontage which is not within 500' of the nearby residential zone. This lot should be excluded as legally impermissible in its entirety due to its proximity to the Esquire adult location but would be otherwise potentially commercially viable for a new adult business.

I show directly below selected photos of this lot, including both those which I took personally and one obtained from Google Earth, as well as a localized map showing both where this lot is located and the boundaries of this lot in a red border as an overlay to the map.

(11) **Block 1094, Lot 17 (City's Count # 37), 629 West 46th Street.** The City identified this lot as legally permissible on its 1995 Map. It remains in a legally permissible zone today. However, the entirety of the lot is within 500 feet of the site of the now-closed Esquire Gentlemen's Club, an adult site at 622 W. 47th St. which, though not currently presenting adult entertainment, has a certificate of occupancy allowing adult use (the Esquire site is shown as "adult" on my prior map "1-I"). However, even if the Esquire location were *not* deemed to be a disqualifying adult entertainment site for surrounding new businesses, approximately 50% of the lot would independently be disqualified by proximity to a residential zone. Finally, this lot is also presently encumbered and/or will otherwise be unavailable for any commercial use for at least several years because the entirety of this lot was recently purchased by an end-user for construction of an eight-story building which will not even commence for another year. The building will not be open for occupancy for at least four years. This lot is legally impermissible in its entirety due to its proximity to the Esquire location. However, if the Esquire location is not deemed to be a disqualifying adult entertainment site for nearby new adult businesses, the lot should be excluded because it will be unavailable to any commercial use for at least four years.

I show directly below selected photos of this lot, including both those which I took personally and one obtained from Google Earth, as well as a localized map showing both where this lot is located and the boundaries of this lot in a red border as an overlay to the map.

(12) **Block 1095, Lot 11 (City's Count # 38), 620 Joe DiMaggio Highway.**

The City identified this lot as legally permissible on its 1995 Map. It remains in a legally permissible zone today. However, the entirety of the lot is within 500 feet of the site of the now-closed Esquire Gentlemen's Club, an adult site at 622 W. 47th St. which, though not currently presenting adult entertainment, has a certificate of occupancy allowing adult use (the Esquire site is shown as "adult" on my prior map "1-I"). This lot is legally impermissible in its entirety due to its proximity to the Esquire location. If the Esquire location is *not* deemed to be a disqualifying adult entertainment site for nearby new adult businesses, then this location would be both presently legally permissible and, theoretically, commercially viable for an adult use.

I show directly below selected photos of this lot, including both those which I took personally and one obtained from Google Earth, as well as a localized map showing both where this lot is located and the boundaries of this lot in a red border as an overlay to the map.
